When you arrive in International Airport of Guarulhos, you might go to Tiete Bus Station where you can take a bus to São Carlos.

Guarulhos Airport -> Rodoviária Tietê

São Paulo Tiete Bus Station is called “Rodoviária do Tietê”. There are two ways to get to “Rodoviária Tietê” from Guarulhos Airport: by cab (taxi) or by bus.

- **By Cab:**
  A more expensive service, but more comfortable and easier too. We suggest you buy the taxi ticket by previous payment at the company boxes located inside in the Airport hall, and only take the taxis that stay inside the airport areas.

- **By Bus:**
  If you choose to go by bus, the EMTU (Metropolitan Urban transport Company) offers a service for a cheaper price than taxi, called Airport Bus Service. More information and timetables are available in its website: [http://www.airportbusservice.com.br/en/home](http://www.airportbusservice.com.br/en/home)

  **Where to buy the ticket:** The Airport Bus Service counter is located outside, next to the arrival terminals. If you landed in Terminal 1, go to the sidewalk, then turn right. If you have landed at Terminal 2, go to the sidewalk, then turn left. The Airport Bus Station counter is located between both Terminals.

Rodoviária Tiete -> São Carlos

You can take a bus to São Carlos either by “Empresa Cruz” ([http://www.empresacruz.com.br/](http://www.empresacruz.com.br/)) or “Viação Cometa” ([http://www.viacaocometa.com.br/](http://www.viacaocometa.com.br/)). Both Bus Companies Counters are located at the upper floor of Rodoviária Tietê. The trip of 250 km lasts about 3 hours and costs approximately R$ 52 (US$ 25 or € 20).
Rodoviária São Carlos -> USP São Carlos
